LAKE LOTAWANA TRAPPING PERMIT

Per the Lake Lotawana Rules & Regulations, Section III: Water Use Regulation, Q: Miscellaneous, #9: Trapping, Page 25:

- a. Nuisance rodents (i.e., muskrat, mink, and beaver) may be trapped within Lake Lotawana waters provided the trapper obtains a special permit. Only a Lake resident, property Owner or a person contracted by a Lake resident or property Owner are eligible for trapping permits.
- b. Trapping procedures and equipment shall comply with Missouri Conservation Department Regulations.

I, property Owner, _____ at Lot/Block _____ who can be reached by phone at _____ am requesting a permit to trap nuisance rodents within the lake or on the parkway.

The trapping will be done by _____ located at _____ who can be reached by phone number _____ during the period of _____.

Both the homeowner(s) and service provider agree to follow the rules stated above and will not hold the Lake Lotawana Association liable for damages to any boats/equipment and/or any bodily harm received while attempting this task and attempt such freely and willingly of their own accord. Any insurance coverage necessary to perform such tasks is the responsibility of the homeowner or service provider.
