

LAKE LOTAWANA FISH HABITAT LOCATIONS

Fish Habitat Locations

Are (indicated by an X at the approximate location).

Deep water habitat (large cedar tree portions)

were placed into the lake in March, 2019. Use your Depth/Fish Finder to locate these off almost every point on the Lake. Donated Christmas trees are sunk each year and are located around the Association Water Patrol docks by the spillway. NOTE: Fishermen are not allowed to fish off these docks or attach to the Association docks.
